HAWAII COUNTY
ASKS BIG SUM
FOR NEEDS

Hawaii county's request for public
improvement appropriations aggre-
gating \$1,272,150 was submitted to
the lower house this morning in the
form of a communication from the
Hilo board of trade, and was referred
to the finance committee. It had
been prepared in resolution form by
N. K. Lyman, but that was withheld
and the direct communication submit-
ted instead.

The request, substantially as pre-
viously printed, asks the sum of \$650,-
000 to complete the belt road around
the Big Island; \$95,000 for a road
from Waiakae to Kihio wharf; \$50,-
000 for the extension of the sewerage
system of Hilo; \$50,000 for a concrete
hospital at Hilo; \$20,000 for the en-
largement of the Hilo jail; \$3000 to
provide a morgue at Hilo; \$2000 for
addition to the board of health build-
ing; \$290,000 for a revolving reclama-
tion fund; \$200,000 for wharf im-
provements on Kihio bay; \$900 for the
salary of the probate officer of the
Fourth circuit; \$1000 for state re-
ports to be added to the library of
the Fourth circuit; and \$250 annually
to keep up the sets and purchase new
textbooks for the Fourth circuit as
the books are purchased.

PARIS HOSPITAL
TREATS BRIGHTS

Physicians and patients who still be-
lieve Bright's Disease incurable will
be interested in the fact that a large
New York Exporting House sent in an
order for \$180.00 worth of Fulton's
Compounds "for Paris Hospital sup-
plies."

Check was received with the state-
ment that the shipment was a little
slow and an order was placed for
three duplicates to be prepared and
housed in New York ready for quick
delivery on monthly orders.

Another important order was from
a physician of the IMPERIAL ARMY
MEDICAL COLLEGE OF CANTON,
CHINA. He wrote that the Renal
Compound was a necessity in the
treatment of Kidney Disease.

The knowledge that Bright's Dis-
ease is being cured is spreading
around the world.

Booklet mailed free, address John
J. Fulton Co., San Francisco.

George McLaughlin, erstwhile well-
bored but at present a master me-
chanic in the United States Mint, has
started a suit against Lily Langtry
(Lady de Bathe) for the payment of
\$750 which she alleges she owes him
for work performed eighteen years
ago on her ranch in Nevada.

McLaughlin asserted that he sank
a gusher on a forty-acre ranch in Ne-
vada owned by the actress and that
he was promised \$1000 for the work.
He only received \$250, which was sent
him shortly after the well began to
gush and turned the desert ranch into
a paradise.

Lily Langtry's presence at the Or-
pheum brought the old-time debt back
to McLaughlin's mind and on advice
of his attorney, J. C. Hebbard, the
suit was filed.

Despondent Women
Made Cheerful

When a woman who is subject
to sick headaches improves her
general health the sick headaches
become less frequent or disappear
altogether. Anything which tends
to lower the "tone" of the body
operates to bring on an attack and
when the system is "toned up"
the attacks lose their severity.

Dr. Williams' Pink Pills cure
sick and nervous headaches by ton-
ing up the system. When the thin
woman gains in weight, gets color
in her cheeks and lips, when her
appetite improves and a hearty
meal brings no remorse, she need
not fear sick headache. This is
what Dr. Williams' Pink Pills do.
They build up the blood and should
be used as a tonic between attacks.

As a rule a sufferer from sick
headache can tell hours, sometimes
days, in advance, when the head-
ache is coming on. This fact makes
it possible to use a laxative at the
approach of an attack to expel the
poison from the system and to pre-
vent or moderate the severity of
the attack. A new laxative, PINK-
LETS, has been designed to be
used with Dr. Williams' Pink Pills
for the cure of this disease. A
sample of Pinklets and a booklet
on the treatment of sick headache
will be sent free upon request.

The treatment between the at-
tacks with Dr. Williams' Pink Pills
and the preventive laxative treat-
ment with Pinklets before an ex-
pected attack is all that can be
done, as the stomach will not
tolerate medicine during an attack.

Dr. Williams' Pink Pills are sold
by all druggists or will be sent by
mail, postpaid, at 50 cents per box
or six boxes for \$2.50, by the

Dr. Williams Medicine Company,
Schenectady, N. Y.

REVOLUTIONIST
NOT COMING

Thousands of Filipinos now in Ha-
waii, who looked forward with in-
terest to a visit from ex-General Emilio
Aguinaldo, the one-time leader of the
revolutionists in the Philippines dur-
ing the stirring "days of the em-
pire," are doomed to bitter disap-
pointment, in that Aguinaldo, now
following the bent of a peaceful far-
mer, has written certain of his fol-
lowers in Honolulu that he will be
unable to attend the inauguration of
President-elect Wilson at Washing-
ton.

"I should very much like to go to
Washington but it is the expense of
the trip and the stay there that I
have to consider." "Then again," he
continued, "I have my farm to at-
tend to. My crops need my personal
attention."

PERSONALITIES

MR. AND MRS. KEMP, who recently
finished a series of most interest-
ing lectures here, intend making a
tour of Kauai. They will leave Mon-
day and be prepared to take any num-
ber of moving pictures for future ex-
hibitions and lectures.

MR. AND MRS. GARDINER, resi-
dents of Alameda, Cal., are guests at
the Seaside for a visit. Mrs. Gardiner
is the daughter of Dr. Chas. Tisdale,
once a well-known resident of this
city.

MR. AND MRS. GEO. CHAMBERS
are planning to sail on Feb. 12 for Ho-
nolulu. They will spend about two
months touring the Hawaiian islands.
The trip is made partially for the ben-
efit of the health of Mrs. Chambers,
who has been ill.—San Francisco Ex-
aminer.

G. L. FRASER and family are mak-
ing preparations for their journey to
the Hawaiian Islands within the next
few days. Mr. Fraser has accepted a
position as manager of one of the big
canneries in the islands. His family
will accompany him and the Frasers
home will be made in Honolulu.—Vi-
salia, Cal., Times.

FRED NOYES is here from Honolu-
lu on a visit with his mother, Mrs.
Noyes of this city. Mr. Noyes has been
engaged in business on the islands for
a long time but intends to make his
home here as soon as he winds up his
affairs.—Redwood City, Cal., Times-
Gazette.

FIGURES PROVE
TOURIST RUSH
TO HAWAII

"With the Pacific Mail liner Mongo-
lia bringing 140 passengers for Hono-
lulu this morning," said H. P. Wood,
secretary of the promotion committee,
today, "the total number of arrivals
in this city since the first of the year
is raised to 1537."

In figuring up the number of tour-
ists who have come to Honolulu since
January 1, it has been found that sev-
enty per cent more arrived in Febru-
ary than in January, and that the
total is nearly fifty per cent greater
than for these two months last year.

The greater number of these tourists
will remain for the Floral Parade and
Carnival, and later take in the Vol-
cano and also visit the other islands.
Secretary Wood went on to say that
in his opinion this tourist rush to
Honolulu is due to the mainland pub-
licity which has been given the Car-
nival. Not only has this work been
accomplished through the efforts of
the promotion committee, but through
the efforts of a number of local boost-
ers. Mr. Wood also predicts a favor-
able tourist trade this summer, and
he is constantly in receipt of letters
from various steamship and railroad
agencies requesting literature of the
islands. Canada is sending an unusu-
ally large number of tourists this
winter, this probably being due to the
effect of Walter G. Smith's lectures.

Besides bringing a large number of
tourists who will remain indefinitely
in Hawaii, the Mongolia is also carry-
ing a large crowd of through passen-
gers. As a special favor to the
through passengers, R. P. Schwerin,
vice president and general manager
of the Pacific Mail Steamship Com-
pany, has made arrangements to al-
low the vessel to remain at the port
of Honolulu until the evening of Feb-
ruary 22, thereby giving the passen-
gers ample opportunity to take in the
Floral Parade and the Carnival and
at the same time see Honolulu.

A letter has been received from
Walter G. Smith to the effect that he
is now in Chicago preparing a number
of lectures which he will give in that
city during this and next week. From
Chicago, Mr. Smith will go to New
York, stopping at all important points
on the way. He is not expected to re-
turn to Honolulu until late in June.

Edward Kemp, the moving picture
and travelogue man, who has just
completed a series of lectures in this
city, leaves on the Claudine next Mon-
day for the island of Maui, where he
intends to secure moving pictures to
feature in his lecture on the Hawaiian
Islands which he is now preparing.
Mr. Kemp will also be on hand to
take pictures of the Floral Parade and
Carnival, and yesterday morning com-
pleted arrangements for taking the
landing of King Kamehameha the
Great at Waikiki tomorrow morning.
The volcano of Kilauea will be an-
other "canon" feature in Mr. Kemp's
lecture on Hawaii, and following his
return from Maui, he will go to the
Big Island.

15,000 Physicians
Have Written This Name

AND have written it in praise. These fifteen thousand
representatives of a great profession, necessarily
conservative in their judgment and in their expressions
of judgment, have endorsed Sanatogen as a great food-
tonic.

They have done this after careful observation of results, and in a multitude
of instances after personal test of the efficacy of Sanatogen as a nerve-helper.

Supplementing this splendid recognition is that of famous men and women
in many lands who testify to the splendid benefit they have received from this

Upbuilding, Revitalizing, Food-Tonic

Such enthusiasm is a natural result of a natural help. Sanatogen is wel-
comed by the most conservative because it is not a trick or a stimulant,
but a scientifically combined re-enforcement to the nerves—because it does
not prod the nerves, but feeds them—because it pays back to the system
that which has been expended through over-activity, through anxieties or
through illness.

Sanatogen is thus a restoring element in the truest sense. It is to the
nerves not a promise to pay, but payment. Its ready assimilation by the
impoverished cells and tissues is natural, and the results in new energy,
new buoyancy, new good-cheer to the body are a natural proof of its
qualities—a vital suggestion of its beneficial usefulness to you.

A Remarkable Book FREE upon request

The work of a physician-author, beautifully illustrated, which tells you some really interesting
things about your nervous system, facts which vitally affect your well-being and which, therefore,
you ought to know. This book also tells the story of Sanatogen convincingly from the point of
view of a physician, but so that any layman can understand it. Ask for a FREE copy of "Our
Nerves of To-morrow."

Sanatogen is sold in three sizes: \$1.00, \$1.90, \$3.60
